We strongly advise the purchase of trip cancellation/interruption insurance for all vacations.

If trip cancellation/interruption insurance is not taken out and you need to cancel your trip, you may be subject to the penalties imposed by the travel supplier. If you need clarification of these penalties, please call me at the above telephone number. Trip cancellation/interruption insurance may cover you for many other travel emergencies such as lost travel documents, medical emergencies, strikes or financial default of a travel supplier, and more, in addition to the need to cancel or interrupt your trip because of illness for you or your family.

Please fill out the form below and return back to me within 10 days by mail or fax.
